

**Definition
Of
BUSINESS**

Definition Of BUSINESS

Business is work relating to the production, buying, and selling of goods or services.
Synonym: trade

Business is used when talking about how many products or services a company is able to sell. If **business** is good, a lot of products or services are being sold and if **business** is bad, few of them are being sold.

A **business** is an organization which produces and sells goods or which provides a service.
